## Mediation Report

On March 22, 2019, the Court appointed the undersigned as mediator in this matter. The undersigned conducted an in-person mediation at which all required persons were present. The undersigned followed up with attorneys for plaintiffs and defendant, along with corporate representatives of defendant. After months of negotiation (and with the Court's agreement to extend the mediation deadline), defendant made an offer which plaintiffs' attorneys agreed could be presented to plaintiffs by the undersigned. The undersigned has now presented the settlement

offer to plaintiffs. An insufficient number of plaintiffs have agreed to participate for the settlement to be effective. The mediation has been terminated without settlement.
